Northwater, United States, 2013. Paperback. Condition: New. Language: English. Brand new Book. Guestave Eiffel: Beyond the Tower Vol. I contains full-colour pictures of Eiffel's monuments in the American Continent. It took the author over five (5) years and thousand of miles of traveling to discover Eiffel's monuments in the American continent alone. The three volumes of the Gustave Eiffel Exploration Series show how orders were taken in France and then shipped as portable "Kids" with all the re-assembly instructions, including nuts, bolts, and double steel "U," "T" and "Angle" support parts. Today, it is possible to visit Eiffel's bridges, pavilions, mansions, train stations, churches and cathedrals, including pir-docks, fruit...
